

Congratulations on your move to Iowa City and welcome!

I am sure you will enjoy living in this community and I would be pleased to have the opportunity to help you find a home here! Call me if you are considering purchasing a home and I will guide you through the process.

My family moved to Iowa City years ago when my husband started his residency, so I understand the challenges residents and their families face and the sacrifices that are made. That is why I want to be a resource for new doctors and their families in our community.

I work hard to make the home-buying experience as smooth, enjoyable and worry-free as possible for all of my clients.

If you are not sure you can afford to purchase a home, I encourage you to contact one of our local banks. They are accustomed to working with medical residents who may not have had the opportunity to save for a down payment. The University of Iowa Community Credit Union is one that has loans specifically designed for professionals in that situation, including 100% financing.

If you have any questions, call me at [319.621.6600](tel:319.621.6600) or email to TundiBrady@urbanacres.com. Let me help you make this move and get settled into your new home.

I am looking forward to meeting you!
